Summary

A skilled professional with a diverse skill set in Frontend Development, 3D Modeling, and Industrial Design. With a strong background in these fields, I create visually appealing and functional user interfaces, bringing creativity and innovation to projects. My proficiency in 3D modeling allows me to create realistic and immersive designs, while my passion for industrial design leads to a keen eye for detail and ergonomics. My ability to integrate these skills holistically and deliver exceptional results allows me to approach projects holistically. I am a collaborative team player, thrives in fast-paced environments, and eager to contribute my expertise and drive innovation in forward-thinking organizations.
